

JNRSE 2020

CEA Grenoble, 27-28 May 2020

10th National Days on Energy Harvesting and Storage

Important dates

Abstract submission deadline : 17 April 2020

Conference days : 27-28 May 2020

<https://jnrse-2020.sciencesconf.org>

About JNRSE 2020

▶▶▶ The aim of JNRSE 2020 is to bring together researchers working on energy harvesting, energy conversion and storage as well as on the design of complete autonomous devices.

▶▶▶ Young researchers, PhD students and postdoctoral fellows, will have the opportunity to present their works through oral presentations or posters. Moreover, invited talks from renowned French and international researchers will complete the program of the conference (presentations will be in English).

▶▶▶ The emergence of new collaborations, the reinforcement of existing ones, and more generally networking between academia and/or industry will also be one of the objectives of JNRSE 2020.

Conference Location

Maison Minatec
CEA Grenoble
3 parvis Louis Néel
38054 Grenoble

Topics include, but are not limited to :

- Energy Harvesting Systems
- Materials for energy conversion and storage
- Micro & Nano generators
- Power Management Circuit
- Microbatteries and supercapacitors
- Wireless Power Transmission

Authors, Registration & Fees

▶▶▶ The length for manuscript contributions is limited to 2 pages.

▶▶▶ Show your achievements at the JNRSE Live Session!

▶▶▶ Free for students presenting a paper – 100€ for participants before May, 8th.
